

Emily Hatfield

To provide more data centers means destroying our natural environment and using up more of resources that cannot be recovered. While freshwater is a renewable resource Humanity is using it far too quickly to be able to have it recover naturally. Please stop Project Jupiter. We will die. People already have.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
