

John Thomson

Please STOP project Jupiter. Do not let this monstrosity darken our doorstep. Do the right thing, and deny their permit, and any others they put forward. Do not take their bribes. Our children's futures depend on the decisions you make today. Thank you.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
