Please stop this it will hurt all of us and will hurt our futures if you don't stop this then the earth will slowly lose all the water and plants will start drying up and dying so please I want to live in the future I bet you do too.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
