

Ella Thompson

My name is Ella. I live in Sweden, and I am writing because I am concerned about the risks and harms Project Jupiter poses to New Mexicans. I am submitting this comment to urge the New Mexico Environment Department to reject Yucca Growth Infrastructure, LLC's air permit application for the YGI Microgrid in Doña Ana County.

I am a student that believes that larger nations need to cut down on carbon dioxide production and water use.

Also in regards to the residents that live in the area it's just plain disrespectful.
