Considering something similar could be done without the same amount of ecological devastation predicted and probably do it more eco-friendly and efficiently or better yet just not done at all to help the globe slow down and see where we want to go as a common people rather than companies and governments

"The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually."
