

Layla wiley

I have lived and lived in New Mexico my entire life and am devastated to hear that it's natural beauty is gonna be destroyed to build another data center. I am tired of the use of AI and the way it is destroying my country. Please do not build this data center this is not what our tax dollars are for.

"The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually."
