

Daniela Seda

This is wrong. Ai doesn't benefit us, what is wrong in your head? You're so far up in privilege you are blinded to how important it is to conserve what little nature we have and preserve water resources. Your future grands kids will not have any water to drink, not because you've lost privileges but because there isn't any water to drink.

New Mexico Environment Department should give the public an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
