

Amelie Longate

Approving this permit would be government-sponsored environmental racism, approving this permit would be killing us ALL. we should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably. If the permit is not denied, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually. For the future of this world, please don't continue with this.
