

Lilja Vaissi

Hello, I am from Turku, Finland. I am asking that you deny Yucca Growth Infrastructure's air quality permit. I will not repeat the dozens of talking points and arguments AGAINST this permit, as I'm sure you are already fully aware of all of the negative consequences granting it will bring. I am only asking you to LISTEN to our concerns and to do the right thing. Our planet is dying. WE are dying. YOU can do something about it.
