

THARA LECHUGA

I was approached by an employee or representative of ORACLE regarding support for Project Jupiter in Dona Ana County. I specifically told the ORACLE employee that I do NOT support Project Jupiter and I listed various reasons - #1 being we live in a desert and water scarcity is already an issue.

I was under the impression that my comments would be delivered as I had requested - NOT in favor of Project Jupiter. However, I am not sure if my name was recorded as in favor of Project Jupiter.

Thank you,

Thara K Lechuga
