

## Mallory Cavaletti

Children attending Santa Teresa Elementary School will sit innocently, every day, LESS THAN ONE MILE from this pollution. Three other schools, an elder care center, and three public parks sit within around 4 miles of this project. Deny this air permit. Gambling with the fragile health of our children and elders would be a complete defilement of the authority vested in you. This is extremely dangerous and selfish and we hope you listen to the people or we will take action.
