

Aleisha Thaxter

This will become a disgusting use of land, the citizens of Mexico deserve better than to have their home treated as sacrificial land for an unnecessary product that won't help in the betterment of their lives. Project Jupiter will simply dry up water and spread contaminated water to the people causing health issues you can already see it happening in America—I don't wish to see it happen to more people

"The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually."
