Stop destroying people's ability to live comfortably with AI data centers. This will ruin not only animal life but human life as well. Constant droning noise is used as a military torture tactic. How is it fair to put innocent civilians and animals through that? This destroys the environment and local natural resources. Fuck ai, fuck data centers, and fuck you for being selfish money hungry dickwads. I hope you burn in hell for what you're planning on doing to these communities.
