

Jess Duke

I am a resident of clarenville, NL Canada. Do NOT let this go ahead. Climate change will continue to get worse until there is nothing left, including us. Save the animals and save yourself and have some common sense! Do NOT let this decision get past!

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
