

Jean Rivera

I am a firm believer that Project Jupiter should not take place and the public should be given 60 days to review and comment on the air quality permit so residents can participate. I also believe that, due to Bloom Energy's history of illegal dumping hazardous waste, the permit application should be denied. If the permit is not denied, a hearing should be held in Santa Teresa in both English and Spanish, with an option for participants to attend virtually. Approving this permit would absolutely be environmental racism, , since residents of Doña Ana county are already impacted by the pollution. This project will use the water they need in their communities, and destroy their ecosystem.
