

Ava Penz-Gaudet

Data centers are known to add to the climate crisis, if we want a fighting chance to save our world and help future generations then we have to stop project jupiter immediately. Otherwise the current generation of children will suffer as adults due to immense temperature increases and lack of water.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
