Shameful. Absolutely abhorrent. You're killing us and the earth for an extra dollar. That won't serve you. You'll die just like we will. Hopeless, hungry, thirsty. You're not unique because you're rich. You won't be protected when your bodyguards have died in the heat or detected. You pathetic, good for nothing money grabbers! We won't forgive you, nor will we forget!!

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
