

Kaelei Smith

The air quality permit application should be denied given Bloom Energy's history of illegal dumping hazardous waste, if the permit is not denied, a public hearing needs to be held in Santa Teresa, in both English and Spanish for the locals. Approving this permit would be government-sponsored environmental racism as residents of Doña Ana County are already disproportionately impacted by environmental pollution. Please, we urge you to listen to the peoples voices and vote NO on this data center. We already have limited resources, how long before we have none all for human greed?
