

Ramiro Lugo

As a life long resident in Las Cruces/Dona Ana County I value clean air, clean environment to raise my family as well as conduct business where I have contributed taxes not only personally but from my numerous businesses. I adhere to strict guidelines to ensure the safety of my community so should everyone else!!! Even if they have Billions of dollars!!! The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably. The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County. If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
