

Angel Naomi Aragon

Who will be our voice when you need to speak out against the deforestation and displacement of communities. I urge that nothing will change, so even one small step to stop this construction will mean a lout while the executives will continue to be blinded by the fact believing that they live by ebbing money whilst burning our planet.

"The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually."
