

giorgia commissione

There is three years before the damage that has been done to planet earth is no longer reversible. Young people and future generations will not get to experience a normal life dew to global warming. You're grandchildren and great grandchildren will never experience a normal life if this is not stopped.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
