

Nawal Haddad

We have no planet b, we cannot be wasting our limited resources on data centers. Project Jupiter is going to do more harm than good to our planet and to us. Something that you aren't realizing is if we kill our planet we are killing ourselves, this has been one of the hottest summers yet and it's damaging building, the wildlife, and so much more. We never needed ai in the past, so why do we need it now? The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
