Fuck u fuck all of u I'm 14 and I'm losing hope I'm so scared we can live without ai or data but we cant live without animals or breathable air I don't get why do all of u only care about money the world is dying and none gives a rat ass u guy can make the most difference jet you decide to kill the plant then help I don't get it all of u are gonna be died in like 30 year then what what about all the money u had to have it's useless and future generations have to live with what u caused so please stop and start actually helping the people and the plant not just your wallets please.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
