

Geanina Sandra Ocu

This planet is my only home, I'm writing this in tears, I don't want my home to die, I don't want my family to die, I don't want the animals I love to disappear forever, please save our home save us, this project is bringing our earth closer to it's death than you think, please save us, save our home, save our animals and yourselves, because when the last tree is cut down, the last fish eaten and the last stream poisoned, you will realize you cannot eat money This project is killing the planet, and with it the animals and us humans, if the planet dies it's going to take us with it, please save us.
