

Keith College

We do not need ai. We do not want ai. We do not want billionaire's. We do not want project Jupiter. A stupid, destructive, and pointless endeavor that is a waste of intelligence and resources. Anyone willing to be part of such a repulsive project should be left on the streets with no aid and no kindness from any human ever again.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
