

Inako Ruka

The Trump administration's cause will cause a major damage to the environment, leaving us with nothing but money, well we cannot eat money, and animals cannot eat money. It is up to us to take a stand against this ridiculous project, we must preserve the natural habitants for the next generations, it is up to us to save the earth because no one is willing to take a stand, no one is willing to fight for what's right. Fuck the trump administration

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
