

Roa Mohammed

please stop it, the world is dying because of AI and you want to destroy it faster, the earth is getting killed by the climate changes, we want to keep our clean water for us not AI i want the air, the trees, the bugs, the animals, and the water, the North artice ice is melting, please stop the jupiter project, please.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
