

Raymond Hernandez

I believe that the world does not need AI and especially to this extent the many different things we've built up to AI have been by humans for humans and AI is nothing without humans and the fact they take the resources and prioritize the resources humans need to be put and used against humans shows how much they truly don't care, the ideas and people that can invent better things for the future all could be destroyed and their paths never have the chance to be taken on for a better world because of these greedy and selfish top class people

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
