

Jaiden Miller

I am a resident of Colorado and still I am asking that you deny Yucca Growth Infrastructure's air quality permit. I live here with many generations of my family and this is our home. Although not in the same area this will cause major issues around the globe. Have mercy, deny the permit.

"The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually."
