

Brianna Le

Hi my name is Brianna,

I urge the NMED to outright reject YUCCA Yucca Growth Infrastructure, LLC's air permit application for the YGI Microgrid.

We do not need more data centers period, we are already in an environmental crisis and we are tired of it being pushed onto us to help fix it when things like this are being built.

If NMED does not reject the permit, I ask the department to please hold a bilingual hybrid public hearing near the Santa Teresa community, so that residents can learn about the risks associated with fuel cell technology.

Thank you.
