

David Declarador

I am begging you to stop this, once all the water is dried up, and all the animals are gone, and the trees are cut down, you will realize that AI cannot create anything we need to survive. Building data centers will just take and take and take until nothing is left.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
