These things we do not need. All it's doing is destroying the world we have for greed and money. They sell our lands that we're free back to us for money, etc, quit letting them control us. STOP THE USE OF AI.

New Mexico Environment Department should give the public an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
