

Austin Zachary

The Rio Grande is barren. A river without water. Next Project Jupiter wants the air + whatever water is left. ABSOLUTELY NOT. Tell Oracle to fund NM education, roads, and people without destroying this state!

Oracle has already ruined media/entertainment. They back a deranged President. NO, NO, NO to Project Jupiter.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied given Bloom Energy's history of illegal dumping hazardous waste.

If the permit is not denied, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.

Approving this permit would be government-sponsored environmental racism as residents of Doña Ana County are already disproportionately impacted by environmental pollution.
