

Daniel Hernandez

I am writing to express my ANNOYANCE and ANIMOSITY for Project Jupiter, I believe this project is disguised to offer significant benefits for our community, but in reality is just a cover up for our personal data being sold to open ai and oracle. Making only CEOs like Larry J Ellison and Sam Alton benefiting mainly from this, I dont stand for this ! Larry and Sam are both major donors to Israel, a genocidal state. Therefore I stand against Israel and I stand against Larry and Sam.

Project Jupiter is poised to bring substantial economic growth to Dona Ana County but in reality this will just destroy the future of our habitat, native plants and animals. We the public do not CARE of the anticipated 4,000 construction jobs and 1,500 project-supported jobs. Furthermore, We the public do not CARE that Project Jupiter wants to to commit \$50 million to help repair, upgrade, and improve local water systems because in reality this still doesnt take away the fact this company will sell our personal data to a genocidal state. \$360 million is a BRIBE and this isnt even remotely normal to do ! No matter if its intended to help the community it is still disguised as a bribe for the purpose that the community forgets the overall point that this data center will only work for the soul purpose to gather locals and more peoples personal data to send back to ceos like LARRY AND SAM . WHICH WE DO NOT CARE ABOUT !!!

I urge the New Mexico Environment Department to DENY this project !

Sincerely,
DANIEL ANTONIO HERNANDEZ
