

Aria Barber

This is disgusting. Stop this project! People are working to destroy a planet they live on like it won't affect them too! People going into high school and middle schoolers know how harmful this stuff is and grown adults don't?! This needs to stop we are already ruining peoples futures and it needs to stop by how horrific and harmful it is to us! Stop this before we make the time we have left on earth shorter than we can outlive! The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
