

Alexia Gutierrez

Please stop the continuation of project Jupiter. Our Earth is more valuable and precious than all the money AI can give these companies. Birds, trees, bees and natural resources are mostly not renewable, let's take care of them. We CAN live without AI. STOP PROJECT JUPITER.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
