

Olivia Wischmeyer

it is ridiculous that we should have to fight against something that is obviously terrible for our community and ecosystem! The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably! The air quality permit application should be denied given Bloom Energy's history of illegal dumping hazardous waste! If the permit is not denied, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually. Approving this permit would be government-sponsored environmental racism as residents of Doña Ana County are already disproportionately impacted by environmental pollution. do something to change the future rather than bend to the will of billionaires who wish to kill us all!
