

Alexis Contreras

We do not want a data center here. They cause so much noise pollution that's going to cause psychological issues. My entire life this area is in and out of drought, we do not have the water supply to support a data center. This will come at the expense of residents who won't have access to clean water.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied given Bloom Energy's history of illegal dumping hazardous waste.

If the permit is not denied, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.

Approving this permit would be government-sponsored environmental racism as residents of Doña Ana County are already disproportionately impacted by environmental pollution.
