

Senom Naseyowma

We DO NOT NEED any more data centers. They're a plague on this earth. They contribute more to the detriment of this planet by using exorbitant amounts of resources to build and manage. They deplete extreme amounts of water with no repercussions. NO TO DATA CENTERS

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
