

Daebee Fufa

My name is Daebee Fufa. I am a California resident, living in Cerritos, and I am writing because I am concerned about the risks and harms Project Jupiter poses to us. I am submitting this comment to urge the New Mexico Environment Department to reject Yucca Growth Infrastructure, LLC's air permit application for the YGI Microgrid in Doña Ana County. This data center will very likely be detrimental to the surrounding environment, and cause health problems for residents. I urge the NMED to outright reject YUCCA Yucca Growth Infrastructure, LLC's air permit application for the YGI Microgrid. I ask the department to please hold a bilingual public hearing near the Santa Teresa community, so that residents can learn about the risks associated with fuel cell technology.

Sincerely, Daebee Fufa
