The air quality permit application should be denied given Bloom Energy's history of illegal dumping hazardous waste. This fuel cell gas plant will release toxic chemical pollutants and 10 million tons of carbon dioxide into our air (see tables below sourced directly from p. 150 of Air Permit). The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably. Project Jupiter's fuel cell plant will generate enormous amounts of hazardous waste containing: Cancer-causing chemicals (benzene) Heavy metals (lead, arsenic, chromium) Toxic compounds (sulfur and others) All of these poison the human body, our water, and our soil The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.
