We don't need this stupid data center what the hell is wrong with you guys don't we already have enough it's making the weather extremely hot and cold almost unpredictable and it's taking our resources, ruining animal habitats, and could permanently ruin cycles!

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
