Please don't destroy what earth we have left for entertainment.

Water is running out and the drinking water used for ai data centers vanish when used to cool them. Not only that but the noise pollution harm that happens to nearby wildlife and people. We need to protect what's left for our future generation so that we can try to restore what was lost.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
