

David Phillips

I go to school nearby and am vehemently against this project. There are others who will say what I want to say better, and I urge you listen to them. This is not right for our people. It is not fair to our land, and is not what I voted for. Complete denial of this project's development is paramount. Not understanding that is inherently selfish and harmful.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied given Bloom Energy's history of illegal dumping hazardous waste.

If the permit is not denied, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.

Approving this permit would be government-sponsored environmental racism as residents of Doña Ana County are already disproportionately impacted by environmental pollution.
