

Robert Czerniak

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied. Whether or not the permit is denied, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.

There is a potential for a positive economic benefit, but I think the air pollution will be really bad. There is a potential for these data centers to be obsolete within ten years.
