

Talya Elymani

absolutely insane to believe we rely on Ai so heavily we prioritize it over our earth despite the fact thousands have died in the heatwaves. anyone who works on project jupiter should go fuck themselves

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
