

Neci Yazzie

THERE IS WAY MORE NEGATIVE AFFECTS THAN GOOD. All the emissions, energy and water are way too much for the Earth to handle, we're passing a threshold for reversing global warming. I HOPE YOU MOTHERFUCKERS ARE THE FIRST TO FEEL THE RESULTS OF YOUR OWN STUPID ACTIONS. Do not build this data center, we have ABSOLUTELY NO REASON for a data center in this area. Especially since we are already in a DROUGHT. This data center will disrupt all biological life and will create lifelong issues for those developing around this. WE DO NOT NEED AI OR DATA CENTERS. WE DO NOT NEED AI OR DATA CENTERS. WE DO NOT NEED AI OR DATA CENTERS. PUT HUMANS FIRST. PUT HUMANS FIRST PUT HUMANS FIRST.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
