

Ezequiel Aguilar

Please stop destroying our sacred lands. I don't understand how Project Jupiter have any consideration of our communities they know we're a drought state going through one our worst the river is dried up for god sakes. Unless our government is lying to us and there is water to waste but a precious liquid like water should not be taken for granted! Please don't bring project Jupiter I promise you you won't be here for long if you do we are tired of not being listened need to we will be heard one way or another!!!! No project Jupiter!!!!!!
