

Chris Schaefer

I beg of you to deny the most recent permit submitted by Project Jupiter for emit outrageous amounts of pollution into our communities air. This is absolutely unacceptable and I am disappointed that this project has gone as far as it has. Too much water use, too much air pollution, too little accountability, too little information. **HOST A PUBLIC MEETING!** Answer our questions. Face your constituents, you work for us!

Approving this permit would be government-sponsored environmental racism as residents of Doña Ana County are already disproportionately impacted by environmental pollution.
