

Aaron Schmidt

The Public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied given Bloom Energy's history of illegal dumping of hazardous waste

If the permit is not denied, a public hearing should be held in Santa Teresa, in both English and Spanish, with an option to participate virtually

Approving this permit would be government sponsored environmental racism as residents of Dona Ana County are already disproportionately impacted by environmental pollution.
